To; Lawrence County Commissioners

From; White Wood Forest Acres Road District

Dear Commissioners

The White Wood Forest Acres Road District is opposed to the opening of the section line in White Wood Forest Acres for the following reasons:

It would cause undue hardship and significantly lower the property value of the Fred Bourne property at 11999 Aspen Way. As well as, having a negative impact on the property values for the entire neighborhood.

In addition, there is not enough right-of-way, to build the road to the county specifications, at the proposed intersection where it would intersect to the existing road. Not only unduly impacting the property of Fred Bourne but causing a major safety concern for the residents and guests at that intersection.

We appreciate you hearing and giving consideration to our very strong concerns.

Sincerely

White Wood Forest Acres Road District
