20824 Mattson lane
Sturgis SD 57785

I would like to have 4-30 amp electric hookups for campers & motorhomes. No sewer hookups.

I am the only person who actually lives on Mattson lane. There are 6 places on Mattson lane and all are commercial or rental use.

Hours of operation would be 24-7 as most campgrounds are.

No employees - I myself will operate the small campground.

I have two driveways in & out of my property. Plenty of room

I am asking to have 4-30 amp electric hookups for RV'S

Each RV location has room to park a vehicle or two.

Existing structures are A cabin I live in. & a shop.

Thank you.
