STATE funds will be used to pay sixty percent (60%) of the PROJECT costs, up to a maximum amount of Five Hundred Thousand Dollars (\$500,000). Federal funds will be used to pay for one hundred percent (100%) of the RSI PROJECT costs.
4. The federal funds allocated for the RSI PROJECT may only be used on county roads with Average Daily Traffic (ADT) greater than 500 vehicles.
5. STATE funds and RSI federal funds cannot be used on the same project or public road. The federal funds allocated for the RSI PROJECT may not be used in conjunction with the STATE-funded sixty percent (60%) PROJECT costs as outlined in Paragraph 1, above.
6. The COUNTY wants to participate in the RSI PROJECT for the striping of approximately 23.258 miles of COUNTY roads at an estimated cost shown on the attached Schedule A.

THE COUNTY AND THE STATE MUTUALLY AGREE AS FOLLOWS:

- A. The STATE will perform the following activities:
 1. The STATE will prepare plans, advertise the PROJECT and RSI PROJECT for bids, award a contract to the lowest responsible bidder, and administer construction of the PROJECT and RSI PROJECT.
 2. The STATE will pay one hundred percent (100%) of eligible RSI PROJECT costs with RSI federal funds.
 3. The STATE will bill the COUNTY for the COUNTY'S forty percent (40%) share of the PROJECT program limit, together with one hundred percent (100%) of any amount over the PROJECT program limit, as set out in the estimate in the attached Schedule A.
- B. The COUNTY will perform the following activities:

1. The COUNTY will sweep roadways to be striped in advance of the contractor's operations.
2. The COUNTY will provide the PROJECT and RSI PROJECT inspection.
3. The COUNTY will insure that the beginning and ending of each no passing zone is marked, in a manner clearly visible from the driving lane, with a "NO PASSING ZONE" sign (W14-3), a "DO NOT PASS" sign (R4-1), a "PASS WITH CARE" sign (R4-2), or a 9' steel channel post driven 3.5' to 4' near the right-of-way line with the top 2' painted yellow. If any no passing zone needs to be established or re-established, the COUNTY will do so at the COUNTY'S own expense.
4. The COUNTY will pay actual PROJECT costs which are not eligible for RSI federal funds upon receipt of billing from the STATE, based on the COUNTY'S forty percent (40%) share of the PROJECT program limit, together with one hundred percent (100%) of any amount over the PROJECT program limit, as set out in the estimate in the attached Schedule A.

C. General Conditions:

1. Costs associated with the PROJECT and RSI PROJECT are preliminary engineering, construction engineering, and construction costs.
2. This Agreement may not be amended, except in writing, which writing will be expressly identified as a part of this Agreement and will be signed by an authorized representative of each of the parties.
3. The STATE may terminate this Agreement on thirty (30) days' written notice. If the COUNTY breaches any term or condition of this Agreement, the STATE may terminate this Agreement at any time with or without notice.
4. This Agreement depends upon the continued availability of appropriated funds and expenditure authority from the Legislature for this purpose. If for any reason the Legislature does not appropriate funds or grant expenditure authority, or funds become unavailable by operation of law or federal funds reductions, the STATE may terminate this Agreement. Termination for any of these reasons is not a default by the STATE nor does it give rise to a claim against the STATE.
5. This Agreement is binding upon the signatories not as individuals but solely in their capacities as officials of their respective organizations and acknowledges proper action of the STATE and the COUNTY to enter into this Agreement.
6. The COUNTY has designated its County Commission Chairperson as the COUNTY'S authorized representative and has empowered its County Commission Chairperson with the authority to sign this Agreement on behalf of the COUNTY.
