gold mining corporations

To: Lawrence County Commissioners <commissioners@lawrence.sd.us>

My name is Cherlyn Leach-Valades and I live in Spearfish.

I am deeply alarmed at the prospect of five gold mining corporations staking claims in the Black Hills. Solitario Zinc plans to start mining this August.

You may be aware of the Pennington County Commissioners developing a new policy over the F3 Gold Mining Project near Pactola Lake. This is vitally important to protect the water source for Rapid City.

I encourage the Lawrence County Commissioners to develop a plan to address environmental concerns. An Environmental Impact Statement is a good start and the Commissioners can necessitate additional requirements. It is so important to protect our water resources, wildlife and tourism economy. The citizens of the Black Hills deserve an additional line of protection.

Thank you for your consideration on this important matter.
