Mr.Outka, Mr.Rosenau, and Mr.Sleep,

Good morning! I am an intern currently working with Stantec Consulting on the Spearfish Rest Area/ Welcome Center corridor study. A few representatives from Stantec will be in Spearfish on Thursday, April 6 to conduct in person stakeholder meetings and would like to meet with you. Each meeting will last 45 minutes at the Spearfish City Hall from 8-4 MST.

These meetings will go over 3 main concepts that have been developed at the existing location, Exit 10, and Exit 17 along with the discussion of the developed evaluation matrix. After the presentation of these concepts, they would like to hear your thoughts and concerns involving each site. If you have any further questions regarding this meeting, please let me know.

Please fill out the attached poll to help schedule your meeting and I will be in contact with you again about the meeting time. If an in-person meeting does not work for you, please let me know and we can set up a meeting via Teams.

Meeting Availability (MST) ([View/vote in browser](#)) - Please Mark all the times you are available to meet on April 6th.

Thank you!

Mikayla Brackin

Transportation Intern
