Dear Bruce and Amber,

We are writing to you to let you know that we would like to voice our opposition to the proposal of gravel pits near our home on Moller Road. We are unable to attend the hearing, however, we would please request that you still consider our input.

We strongly feel that a gravel pit that close to our area is unnecessary! There is already a gravel pit close by; Edwards pit on Homestake Road. Not only would it be damaging to the beauty of the area that we live in, but the increased traffic would take away from the peace and tranquility that we have, as well as add traffic and potentially dangerous, driving hazards. Our experience with heavy haul trucks and heavy traffic are very damaged roads, washboard roads that caused damage to our vehicles, as well as added levels of dust and dirt.

There are many new homes going up and it is a wonderful place to live because of the beauty and peace that is in our surrounding area. If a gravel pit were to be added, it would take away from that beauty and the peace. Another concern we have is our children driving on that road with heavy haul trucks.

Please consider our concerns and input, and know that we very strongly oppose having any additional gravel pits installed or created around our residence.

Sincerely,

Dave and Cori Engelhardt

Dave and Cori -

I am writing to acknowledge receipt of your email.

I see Amber was included, too.

She will make your comments part of the file and share them with the Planning and Zoning Commission.

Bruce
